Sir:

This will acknowledge receipt of card notice of December 6, calling attention to the fact that the annual census for 1917 has not yet been submitted. I regret to say that conditions have not materially changed since a letter of October 31, 1917.

We are now making some gain on the accounting, but the property work is yet far behind, and it will yet take a few weeks to get the cash accounting up in such way that we can feel we are handling current work only.

Very respectfully,

The Commissioner of Indian Affairs,

Sir:

Office letter of the 24th relative to the annual census has been received. The data is prepared, but I have not sufficient office force to transcribe it and other work that has to be done. There are several matters that must of necessity go over because the duties devolving on the employe force is more than it is possible to accomplish.

After my recent experience I have decided that the things bearing on my bonded responsibility will have to be given precedence, hence until I can get more office help the clerks will have to give their attention to the accounting.

Very respectfully,

Chas. H. Davis

Oct 24, 1917

Supt. Fort Apache Indian School.

Your annual report for 1917 shows a population of 2,659 White Mountain Apache Indians under your supervision, and yet, according to the files of this Office, no census for the year has been received.

In this connection your attention is invited to Circular letter No. 16, and to telegram dated August 24, 1916, for this report.

Efforts are making a special effort to secure a complete census of the reservation under Federal supervision for the current year ending June 30, 1917, and the only reliable figures for the year have been the most complete and reliable ever.

Your report should be made as complete as possible.

DEPARTMENT OF THE INTERIOR

Office of Indian Affairs

Delinquent Annual
Reports.

Washington

Superintendent,

.....Indian School.

Sir:

On April 24, 1916, Circular No. 1106, dated April 13, 1916, was mailed you, calling for the Narrative and Statistical Sections of the 1916 Annual Report, two copies of each to be mailed to this Office not later than July 15, 1916.

Before the Office can begin compiling this data, each of the reports has to be examined and checked, and in most cases correspondence follows.

The Office must make every effort to complete compilations from the statistical part of these reports, so that the statistical tables may be in the hands of the printer by October 15, as required by law. Delay in the receipt of these reports must result in the delay in compilation, and the omission of important data belonging to the earlier tables.

You are therefore requested to expedite the completion of the Statistical Section and transmit it at once. The Narrative Section and census may follow, if not already mailed.

If you can not do this, advise the Office at once when report may be expected.

Respectfully,

E. B. Meritt,

Assistant Commissioner.
